Recently, I volunteered to make the 20 mile drive from the Ranch’s Batesville campus to the Dairy Queen in town where one of our girls works. She needed to be picked up from work, and her houseparent was busy giving a birthday party for the 7 year-old in her house. As we were driving home to the Ranch she proudly shared how she was able to keep all A’s and B’s this year while working. She is a senior this year and celebrated her 18th birthday the previous week. Even though she is now 18 and could legally choose to leave the Ranch, she is choosing to stay. She continues to follow the house rules, is flourishing in school, participates in extracurricular activities, and works a part time job. She says she loves the two “little” girls in her house and is trying to be a good example for them and even told me why she thought it was important for her to do so. All this from a girl who was placed at the Ranch more than a year ago for being an out-of-control teen. I’m so proud of her.

One of our boys from Western Arkansas, who came to the Ranch because of truancy and marijuana use, has completely turned his life around. This summer, the boys and girls worked half a day on chores or the Ranch work crew. This young man volunteered to work the rest of the day with the farm manager. He was so excited about the Ranch’s new registered Hereford herd that he studied the stud and bloodline books and made recommendations to the program manager and farm manager about which cattle we should purchase. He worked so hard this summer that he literally wore his boots out. To reward him for his hard work and interest in the cattle operation, the program director and farm manager allowed him to accompany them to a large private Hereford sale in Tennessee and bought him a brand new pair of boots. At the sale this young man demonstrated perfect manners and impressed a number of people who had read the article about the Ranch in Hereford World Magazine. I’m so proud of him.

Did you know that the Ranch is developing a new registered Hereford herd? We are pretty excited about it. Our first calf was born last week, and more will be arriving in the spring. I am so proud of all the staff who have worked long hours this summer loading up the commercial cows to take to the sale barn, stringing new barbwire fences, bush hogging and improving the pastures, repairing equipment and trailers, going to sales and caring for the livestock. We chose Herefords as they are safer for our boys and girls to work with. Some of the Herefords will be developed as show cattle for the children who want to participate in livestock shows.

I am so proud of each of our staff members who go far beyond their job descriptions and required working hours each week to meet the needs of our children. Our staff knows the importance of providing children with more than just the basic needs of food, clothing, and shelter. We understand our boys and girls need to feel a sense of belonging, friendship, affection, safety, and freedom from fear that many of them have experienced. Many of our boys and girls have told staff that in the past they thought no one cared about them, but they don’t feel that way now that they have a home at the Ranch. They see examples every day of people who not only care for them, but about them, and you, our friends and supporters, are responsible for much of that.

29th Annual
Arkansas Sheriffs’ Youth Ranches

Country Christmas
Craft Fair

And Gift Basket Giveaway

Saturday, December 6, 2014
9:00 a.m. – 3:00 p.m.
Youth Ranch
Batesville, out Hwy 106

All proceeds support our
Children’s Christmas Fund!

Christmas Card

It’s holiday time again. If you would like to purchase a set of these beautiful holiday cards designed by a Ranch resident, please contact Emily Ives at 870-793-6841 ext. 309 or e-mail her at Emily@youthranches.com. There are 20 in a box and all proceeds go to help the Ranch children.
Bad Boy Mowers

Bad Boy Mowers generously donated an MTV for our use at the Ranch. Thank you so much for supporting us!

Poker Run

On Saturday, August 9th Saddlebags Saloon hosted the First Annual “Cruisin’ for the Youth” Poker Run benefiting the Arkansas Sheriffs’ Youth Ranches. Many thanks to Saddlebags Saloon for organizing and hosting this fun event! We had over 50 Ranch supporters come by boat or by motorcycle and try their luck at creating a winning poker hand. There was live music and delicious food by local vendors, and prizes were awarded for the best (and worst!) poker hands. There were also some great door prizes donated by area businesses. Thanks to all the sponsors, donors, volunteers, and riders who came out to support the Ranch!

Humane Society

A few of our girls have been visiting the local Humane Society to help exercise the animals. They really enjoy playing with the dogs and it’s a highlight to their weekend.

Arkansas Travelers Game

Our kids got the opportunity to watch an Arkansas Travelers Game at the Dickey-Stephens Park and enjoy a concert afterwards. They all had a great time rooting for the Travelers. Go Travs!

Home Town Hero

Faith Hall Houseparent, Ms. Cheyenne was recently featured on KTHV Channel 11 as My Town Hero for Batesville. She was nominated by former Rancher Jamie, who is now 19 and in paramedic school. Jamie said that Ms. Cheyenne was the supportive parent figure that he needed during his years at the Ranch.

Ms. Cheyenne has been a houseparent at the Ranch for more than 31 years and has helped raise hundreds of children. She truly is a hero to so many, and we are grateful for her years of service and her heart for our boys and girls. You can see Ms. Cheyenne’s story on our website at www.youthranches.com.
Supporters

Visiting the Governor

The kids recently got to visit Governor Mike Beebe at the Governor’s Mansion in Little Rock. Governor Beebe introduced the kids to the First Dog of Arkansas, Viper, who patiently waited to be petted by many eager hands. In the Governor’s Garden the kids learned a little about our state’s history and showed off what they had learned in their Arkansas History classes.

Junior League of Fort Smith

Many thanks to members of the Junior League of Fort Smith for their recent support at the Ranches’ Donald W. Reynolds campus. The Ranch was the winner of JLFS’s "Done in a Day" grant. Junior Leaguers visited the campus and brought new comforters, pillows, bed linens, desk lamps, and towels and wash clothes for our recently reopened cottage on that campus. Their special gift and volunteer hours helped us get that cottage ready to accept nine new boys who need a place to call home!
It is time yet again for school. I watched my lovely ladies as they trudged to the school bus, giggling and carrying umbrellas on the rainy first day of school. The summer passed by so quickly, but we got to do so many things together as a family. And even though summer was so short we packed it with so much that time flew by.

There was swimming at beautiful Lake DeGray, which was a welcome comfort from the blazing summer heat. We got to visit Wild River Country and Magic Springs, enjoyed the Concert Saturday Nights and we spent time walking the promenade and shopping in old downtown Hot Springs. Often, on Friday nights, we made the trip to Hot Springs to spend time skating at the skating rink, and for some of our girls learning to skate for the first time.

Of course there was summer camp for everyone, a week away from the normal routine to enjoy activities and events with other children their own age and a time to learn things about themselves and about each other.

Most importantly, this summer, more than any other, we saw the girls becoming stronger in conviction and cohesion in our amazing and often exhausting little family. We watched, as children grew and young girls began to blossom into young ladies.

We celebrated Natasha’s birthday and are really enjoying watching as our youngest girl begins to make grown up choices and decisions.

Graciela, our High School Junior, spent much of her time learning to swim and making friends. Merissa is a freshman now, facing all of those challenges in High School and managing them beautifully. In addition to choir, she will be participating in FCCLA at school.

Diana, who entered the 8th grade, spent her time at the lake learning how to swim and manage the canoe solo. Mr. Jim gave her a few lessons, and now she pilots like a pro!

Nicole, begins her 7th grade at the High School where she is doing very well. She and her sister Tasha are getting more and more comfortable as part of our little family here.

Trista stepped out of the middle school and into the high school as a new 6th grader. Enjoying all of the hustle and bustle of a bigger school, Trista is doing very well with the transition.

Of all of the fun things we did, art classes at the Smithsonian in Arkadelphia, swimming, the waterpark, Magic Springs, shopping, camp, church activities and work days, I think my most memorable moments were those quiet times. Movies in the apartment with dinner on our laps while we watched something fun, silly or touching on the screen or those times near the end of the day when the girls pile in on the couch and talk Mr. Jim out of his ice cream for a night time snack, or those trips going nowhere in particular where we listened to music and laughed or spoke of serious things and grew – as individuals and as a family.

There is a peace among our girls, a friendship - like family where I see them taking time to talk to each other and share moments. They stand united against common fears and frustrations, and there is a sense of expectancy and calm all within the same house. I have been so blessed to see these beautiful young ladies become more and more a part of our lives and more and more willing to trust and share of themselves.

Faith
By Cheyenne Ingram-Houseparent

Here we go! Another summer is over and school has started. Summer was extremely busy with work crew, softball games, swimming, and lots more. Every day was packed with some kind of activity. Now school is back in session, and everyone is doing great so far. William, our senior, has been very dedicated in keeping his grades up so he can graduate in May. It seems like every day one of the boys comes in with a test they did great on, and its

heart-warming to see the smiles on their faces.

The weather is finally cooling down with some brisk mornings, and the last of the hummingbirds are flying through on their trek south. My favorite time of day is in the afternoons when my boys come home from school and each one tries to tell me about their day...all at the same time! We enjoy our snack and a glass of milk and talk about the things they have done that day. At this time all seems right with the world. As always we are thankful to have a great staff at the Batesville School District who are more than willing to help out our kids. It makes their learning experience so rewarding. As always we want to send a big THANK YOU to all our supporters out there. I can’t stress enough how we could not do this without you! Remember...you will never stand as tall as when you bend down to help a child! From all of us at Faith Hall, we love you.

Gratton
By Patrisha Holder-Houseparent

Busy does not even begin to describe what each day is like with a house full of girls. Getting ready for school each morning is a monumental task as our full house of girls vie for the bathroom. Luckily for us we have enough bathrooms for everyone to share and get ready in a timely fashion. Our oldest girl, Erin, has recently gotten her first job at our local Dairy Queen where she is learning that working in the real world is a little harder than she thought. I am so proud of her for sticking with it and having a good work ethic.

Each of the girls have been working towards keeping their grades up by going to tutoring every day. They are able to get their homework done and can even get help studying for upcoming spelling tests. Emielia participates in choir as a soprano and also plays the flute in the band. She likes to practice her instrument at home, and she is getting really good. In addition to their normal classes a few of our girls have been taking college level classes. Taking these classes now will give them a little taste of the type of work required for college and lets them get credit at the same time.

Right now our house has a wide range of ages, and together we are one big happy family. The older girls help out the younger ones all the time, and I am constantly reminding them that they have to set a good example. We would like to thank everyone for their continued support of our kids, it means so much to them.

Keith
By Ashley Holder-Houseparent

We had such a good summer here at Keith Hall, and I cannot believe that it has already come and gone! However, autumn has arrived none too quickly on its heels, and it is already promising to be just as fun! Along with the other kids, we accomplished so many projects around the Ranch. The white fence at the front of our campus was in a sad state after the tough winter, so we had the boys put on some new boards and gave it a fresh coat of paint. In anticipation of the Ranch’s new cows, the barn was given a good cleaning. They have really enjoyed getting out there and working with their hands.

School has started, and Keith Hall has become a busy place indeed! Tristan and Isaac have joined football and can be found practicing plays in the yard more often than not. Chris is training for a grappling tournament with his MMA class and joined FFA at school. The boys are also helping Mr. Philip, our Program Director, and Mr. Jake, the Ranch’s farm worker, with the start of our Hereford herd. A lot of work goes into getting a herd together, and boy are they finding out there is a lot to learn! The first new baby calf was just born into our herd, and there are several momma cows that will be having calves in the next few months. Everyone is so excited to see each of the baby calves as they make their way into our lives.

As always it is such a joy to sit out on the porch in the cool autumn weather and watch the boys play to their heart’s content. Soon we will have many fun and exciting activities to look forward to: the autumn festivities, bonfires, hayrides, and family time with the other houses! From all of us at Keith Hall, Happy Autumn!

Office
Pots and Pans

Farm
Buckets
Feeders
Water Troughs
Saddle Blankets
Rakes
Shovels
Wheelbarrow
Water Hoses
Horse Brushes
Fly Spray
Work Truck

Non-Cash donations to the Youth Ranches are tax deductible.

ASYR Proud
(continued from page 2)

There are many opportunities in the coming months to get involved with the Ranch and support the wonderful children we are raising. The Arkansas Children’s Award Dinner will be held November 13th to honor Governor Mike Beebe, and our boys and girls will be there if you would like to meet them. Our 29th Annual Country Christmas Craft Fair, will be held at the Batesville campus on Saturday, December 6th, and our boys and girls will be working hard the day of the show assisting with parking, taking food orders, working in the kitchen, and assisting visitors and staff. Last year, our tech savvy staff developed an interactive Christmas tree for our website allowing you to pick out gifts for individual children, and it will be back this year. Response last year was amazing, and our boys and girls said it was the best Christmas ever!

Over the years, the generosity of our friends and supporters has allowed the Ranch to do an incredible amount of good for Arkansas boys and girls who have needed a place to call home. This year, a very generous and unexpected gift allowed us to make essential repairs to one of our houses. And because of that gift, we were able to provide nine more children with a safe, nurturing home. Your giving provides funds to support those nine children as well as the rest of the boys and girls on all three Arkansas Sheriffs’ Youth Ranch campuses. Because of you, the Ranch is not just a warm bed and three meals a day. It is a place where boys and girls get to be kids and a place where a child can grow into a loving, caring and responsible adult.

Often times, we are faced with shocking and horrible news stories about the abuse and neglect of children. These stories may leave us feeling helpless that we are unable to make a difference for those children, and we wish there was something we could do. Know that every gift that you make to the Arkansas Sheriffs’ Youth Ranches does just that. You are making a difference in the lives of our boys and girls, and on behalf of myself, our staff, and every child who is sleeping in a warm, safe bed, I say “thank you.” We are proud to count you as friends of the Ranch.
Our program was founded around farming because we wanted to teach our children here at the Ranch what it means to be responsible, work extremely hard, and to have something to take their minds off of the horrible things that they have endured in their lifetimes. I cannot tell you what it means to me when I see a broken child come to the Ranch expecting the unknown and then see the happiness on their face once they realize they get to be a true rancher.

In the summer months the children here at the Ranch participate in work crew. The children are assigned duties that they are to get done on a daily basis. Some of the children are responsible for the care of all livestock and others are working in our hay fields. It amazes me to watch the children come to the Ranch with little to no work ethic and then suddenly realize that they are needed and put forth such a great effort. Something else that amazes me is that some of the hardest kids to deal with just melt around the livestock and become big softies. In the summer I and other staff members had the opportunity to tutor the children. I teach an outdoor Agriculture class at least once a week, and we usually get to experience something hands on with the children. Nothing makes me happier in life than to make a positive change in children’s lives and to teach them about raising and caring for livestock. I am a licensed Agriculture Teacher and was raised working/raising cattle my whole life. The one thing that I teach and push so hard is the safety of the children and the safety of the livestock, so we have several classes on safety. The children also have all learned to pregnancy check, vaccinate, tag, and keep records of the cattle. One would not believe how much fun these children have while working the cattle, and at times I have to make them leave the barn to go home and rest.

The Ranch recently was given the opportunity to start our own registered Hereford cattle herd. I personally have shown and raised registered Hereford cattle all of my life, and since the first day that I started working at the Ranch, I have dreamed of starting
hands on with them. Also, we butcher our own beef here at the Ranch so that we can supply our houses with meat. I believe that the quality of Hereford beef is hard to beat and we here at the Ranch are so excited to be moving to the Hereford Breed. Our main goals for the Herefords are to build a bull market for our state and to give the children the opportunity to show the cattle that we produce. A dream and long term goal would to be successful enough to have a production sale so that it could help offset some of the expenses of the Ranch. A constant source of income is something that is so important for a non-profit organization, and what better way to do it than raising Hereford cattle for the children who need our help so desperately?

The ranch has its own 4H club and has shown hogs at our local fair. I want the children here at the Ranch to experience what it is like to show cattle, because the Hereford family is so welcoming and warm. As soon as we have a show string, I plan on having our kids attend shows both state and nationally. The ultimate goal would be to have a string that shows at Junior National so that they could see the impact that Hereford cattle have in today’s cattle industry. We are so blessed to have 540 acres of space for the children to ride bikes, fish, swim, and just be a kid with no worries. I cannot express how much good that we get to do on a daily bases. I love my job, and I love the children with whom I get the opportunity to serve every day. I cannot believe how strong these kids are after what they have already gone through in life. I am so proud of them and cannot wait to see where our kids and our cattle program go from here!

Ranch Tree

Christmas is normally a very exciting time for a child. They are filled with holiday cheer, they have good food and they can spend time with their families. For most of the children here at the Ranch getting to spend Christmas with their families is not an option. This holiday season, you can help the Ranch give our boys & girls a very special Christmas! Please visit our website at www.youthranches.com to learn how you can make a child’s Christmas bright.
